

## Clean Energy Committee

### Hearing Minutes

**December 5, 2022 | 3-5 PM | Evans Hall 3201**

Facilitation: Olivia McGoldrick

Minutes: Olivia McGoldrick

Approved on: 2/15/23

**Attendance:** Keira Jensen, Scott Morgan, Teddy Escobedo, Cleopatra Gourley, Olivia McGoldrick, Anthony Levenda

**Absent:** Kayla Mahnke Hargett, William Ward, Joshua Reed-Doyle

### Agenda Items:

- **Welcome & Introductions**
  - Happy Holidays!
- **Open Period for Public Comment/Committee Business**
  - No applications submitted for this hearing
  - Scott Morgan: A few older projects need repairs. Perhaps we could start a repair fund for past projects. It costs money to do the initial assessment of how much it will cost to repair. Having a standing fund available would allow for the initial assessment to be covered by default. The fund be used for work order funding allocation.
  - Projects needing repair
    - Weather station (supposed to be calibrated on an annual basis)
    - Bike pump by SEM II (nozzle broken off)
    - Solar PV Dashboard in Evans Lobby, is not currently displaying data
  - WOHESC Competition:  
Only Teddy is on board to participate, but four team members are needed. Other students outside of the CEC or Office of Sustainability can be funded to attend the conference.
- **Adjourn**
  - Cleo moved to adjourn, Teddy seconded.
