

Safety Committee Meeting March 2005

Present: Robyn Herring, Beth Albertson, Robyn Bradshaw, Peter Pessiki, Joe Pollock, Linda Pickering

1. Smoking. Ash cans are not being cleaned. The issue is Building Services vs. Grounds - who has responsibility? The committee decided this needed to be resolved.
2. Accident report. We reviewed and discussed the reports for Jan 1-Feb 1, 2005. It does not appear that the Feb. report was available at the meeting.
3. The group then went on a tour of the chemistry labs to observe the safety features in the remodel area.
