

February 2, 2012

Attendees: Matt Lebens, Marshall Robinson, Greg Dasso (new member, welcome!), James Neitzel, Beth Hesketh, Joe Pollock and Tim Marron.

Injury report: December and January- 7, question about the Grounds and Motor Pool incident.

Fire weed lighting - in progress (trying to bundle with a clean energy grant). If lighting does not happen there is a possibility that the temporary parking lot will closed at dusk. Sidewalk on Fire Weed Rd. is also in progress.

Tree hazards were brought up by Tim. Taking care of trees that might cause damages to building or block road access.

The Storm: E2 campus - "golden"

- Decision making: What is influencing the decision? What needs to change? It needs to be based on weather report not someone's personal judgment- Tim
- Matt suggested that it should be a group decision.
- Transportation and safety for staff and food services that have to come to campus regardless of the weather.
-

Emergency Power: Market and Greenery? Matt is following up with Craig Ward about back-up generators.

General/ long term Emergency Plan: Food, medical and housing for on campus student

- # of 1st responders or medically trained staff- form a task force.
- Get an idea of what medical and emergency supplies Evergreen has. Possibly get extra on hand.
