I am applying for a group larger than 5, a community group, or an artist collective.

Describe the group:

I understand that Gallery Photoland does not display original artworks and conducts printing for exhibitions in house at no cost to the artist. The gallery will print, prepare, and install all artwork. The artist must provide high resolution files for printing. The artist retains all rights to their artwork. At the conclusion of the exhibition, by decision of the artist, the artist may pick up their prints or the prints can be destroyed by Gallery Photoland staff. The Gallery cannot ship prints. The artist must give permission for images of the artwork and install photographs to be used in perpetuity for promotion of the exhibition and of the gallery.

Is there anything else we should know about your work / installation requirements / additional requirements/etc.?
