

GLOBAL CONFLICT

Shots heard around world

The Cold War ended, but wars still raged. Countries argued about everything from land to ethnicity to race. Some countries argued among themselves in bitter civil wars.

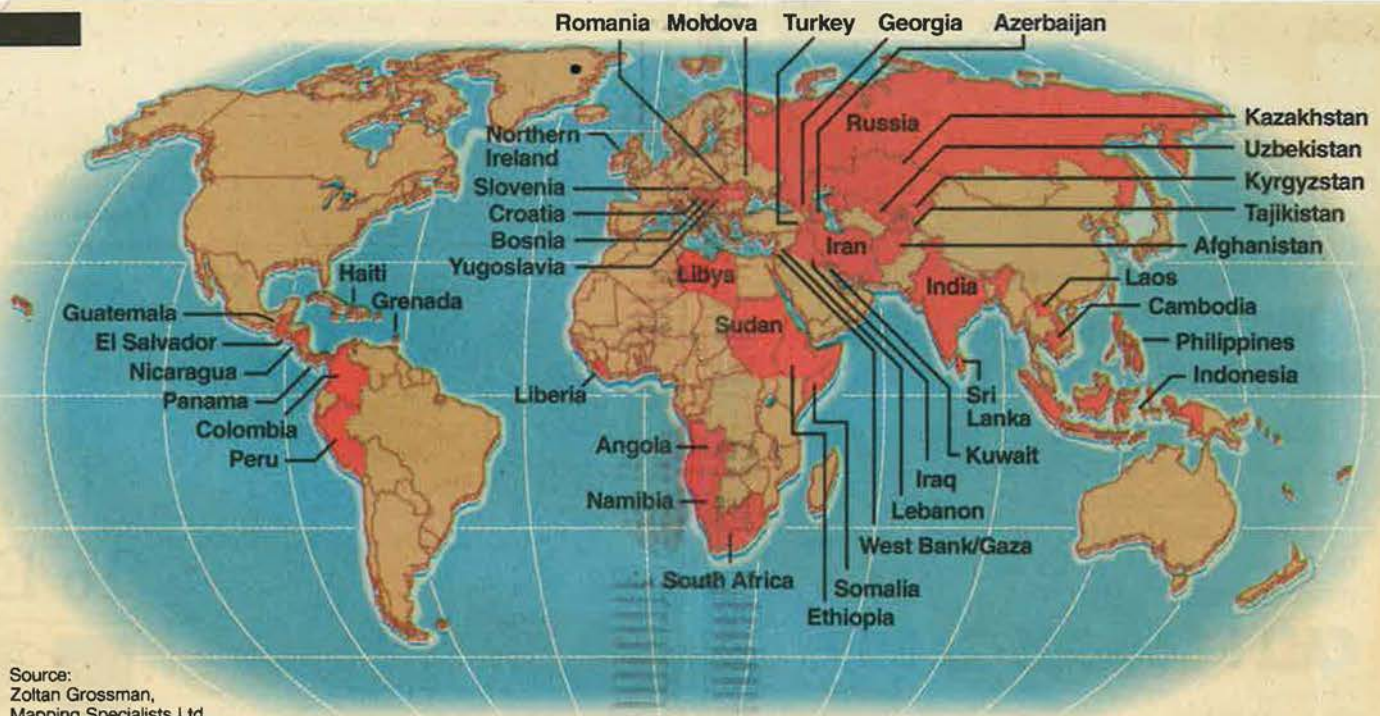

Death, famine and refugees were often the tragic results.

The U.S. — no longer face-to-face with a nuclear superpower — began reducing its military might. But the Pentagon is prepared for calls to places like Iraq and Grenada.

Key to map

Armed combat since 1982
